

**TIG Affinity Group Meeting Registration
Equal Justice Conference
Portland, Oregon
April 10th, 2003
12:00 noon – 2:00 p.m.**

To insure that people working in similar settings have an opportunity to network, share experiences and develop solutions to common problems, the Equal Justice Conference provides a special session on Thursday, April 10th from 12:00 noon – 2:00 p.m. for several “affinity groups” to meet. LSC will be sponsoring a Technology Initiative Grant (TIG) Affinity Group in this designated time-slot. Below is a tentative agenda for this meeting. The material will cover topics of interest to current and potential TIG grantees. All interested parties are invited to attend.

AGENDA

Session convened by: Glenn Rawdon, Program Counsel for Technology and
Joyce Raby, Program Analyst for Technology

National TIG Grant Presentations: 50 minutes

Technology Evaluation Grant by John Tull (10 minutes)

Case Management Review Grant by Ray Bollinger (10 minutes)

NTAP and Earned Income Credit Grants by Gabrielle Hammond (10 minutes)

LSTech Portal and Cybercafe by Steve Gray (10 minutes)

LSC TIG Grant Program Status Report: 10 minutes

by Michael Genz, Director, Office of Program Performance

Peer-to-Peer Networking Opportunity: 60 minutes

Examples of topics:

Web sites – Probono.net and Kaivo templates

HotDocs Consortium

Pro Se Projects

Infrastructure Projects

If you are interested in attending the TIG Affinity Group Session, please email the registration form and project description below to Jennifer Bateman, Program Analyst for Technology at batemanj@lsc.gov by April 4, 2003.

Project Information:

We anticipate that time will be limited in this session. In an effort to maximize the amount of quality information provided to each participant, we are requesting that each attendee, who is a TIG grantee, provide a brief description of each of their technology projects, in advance of the session, for inclusion in a booklet that will be distributed to all participants. Our hope is to provide each attendee with a valuable resource: listing innovative projects being implemented in other regions; and, provide contact names of representatives working on similar projects for peer support and sharing.

When submitting your project description, please make sure to:

- List each project separately
- Identify the TIG recipient number
- List any successes or challenges associated with implementation and roll-out of the project, and
- Words of wisdom or lessons learned to share with other programs.

Please limit each abstract to 700 words or less. Thank you in advance for your submission.

Project Abstract:

TIG #: _____
